PROFESSIONAL EXPERIENCE

Royal Spirit General Trading LLC, UAE

Supply Chain & Operations Manager (Promoted from Sales Executive)

January 2025 - June 2026

Promoted from Sales Executive to Supply Chain Operations Manager based on strong performance across sales, purchasing, and inventory operations. Responsible for overseeing end-to-end supply chain functions including procurement, warehouse management, inventory control, and customer invoicing.

Accomplishments:

- **Warehouse & Operations**

- Led a warehouse team of 9, overseeing daily operations including receiving, storage, picking, and dispatch of 2,000+ alcohol beverage SKUs.
- Ensured smooth day-to-day warehouse workflows with minimal delays, errors, or stock discrepancies.
- Coordinated with suppliers and drivers to ensure on-time deliveries and resolved billing discrepancies promptly.

- **Procurement & Purchasing**

- Managed a monthly purchasing budget of AED 700,000, raising POs with a price comparison sheet to consistently secure 10–15% cost reductions.
- Sourced goods from 10+ local vendors across trading and retail categories; negotiated vendor contracts and pricing terms.
- Processed Goods Receipt Purchase Orders (GRPO) in SAP, ensuring accurate stock intake and financial matching.

- **Inventory Management**

- Maintained inventory accuracy above 95% across physical warehouse, store, and Shopify through regular stock audits and SAP ERP monitoring.
- Improved inventory accuracy from 50% to 95% through systematic cycle counts, reconciliation, and real-time SAP monitoring.
- Maintained optimal stock levels across all product lines, eliminating shortages and reducing excess inventory to improve cash flow.
- Managed both physical warehouse inventory and Shopify online store inventory, keeping stock levels synced across channels in real time.
- Performed barcode updates for all inventory items in SAP, maintaining accurate SKU identification across warehouse and Shopify systems.
- Managed item master data in SAP including item creation, descriptions, UOM, pricing, and categorisation.

- **Invoicing & Finance**

- Created and issued invoices for bulk/corporate customers, ensuring accuracy in quantities, pricing, and tax compliance.
- Managed Accounts Receivable (AR) invoicing in SAP, ensuring timely and accurate billing for all customer accounts.
- Prepared monthly COGS reports and weekly inventory dashboards using Google Sheets automation, replacing manual reporting.

- **E-Commerce & Communication**

- Managed Shopify product listings including pricing, descriptions, and stock updates to keep online and warehouse inventory aligned.
- Used Zoho for customer and supplier mailing, coordinating communications, follow-ups, and documentation efficiently.
- Managed Shopify orders, coordinated dispatch with delivery drivers, tracked order fulfillment, and reconciled cash collections after successful deliveries.

Assisted customers in selecting products and ensuring a good shopping experience. Supported sales operations by maintaining product availability, coordinating with the inventory team, and helping with order placement. Handled customer inquiries, promoted products, and contributed to achieving sales targets while ensuring smooth daily store operations.

Accomplishments:

- Managed customer inquiries, returns, and complaints across phone, email, WhatsApp, and Shopify.
- Handled end-to-end customer service for retail and online orders, payments, and refunds.
- Tracked sales data and generated daily and monthly reports using Google Sheets.
- Developed automated tools via Google Apps Script, reducing manual work by 80%.
- Used SAP to create invoices, quotations, sales orders, and track inventory.
- Collaborated with purchasing, accounting, warehouse, and marketing teams.
- Analyzed sales trends to identify top SKUs and seasonal demand shifts.
- Supervised a 20-rider delivery team, managing routes, duties, and reporting.
